

**So Natural Foods Australia Limited**  
**ASX Release**  
**3 May 2006**

**Thorpedo Foods Update**

So Natural Foods Australia Limited ('So Natural' ASX code: SNF) advises that Thorpedo Foods Pty Limited ('Thorpedo Foods') – So Natural's joint venture company with leading swimming star Ian Thorpe has achieved good initial market penetration into schools of the 350ml 'Thorpedo for Kids' beverage as a healthy alternative to highly sugared beverages. To date the distribution has reached around 1,000 schools nationally from our initial target of 1,300 schools. The 350ml beverage has also recently been ranged nationally in Coles supermarkets.

The trial of Thorpedo 600ml beverage in a major United States supermarket chain, based in California, is progressing satisfactorily and a new range of Thorpedo nutritional snack bars has just recently been accepted for ranging.

The launch of Thorpedo beverages in Japan through our strategic partner Yakult Honsha Co is planned for a June launch through supermarkets, convenience stores, vending machines and its extensive direct sales network. Mr Ian Thorpe shall be in Japan for the launch.

Thorpedo Foods is forecasting profits from mid 2006 from its expanding international and domestic activities.
